

Tenakill Swim Club (TSC)- Lightning Policy 2016

TSC will follow the guidelines set out in the Tenafly Lightning Safety notice associated with the WeatherBug Lightning Alerting System.

Pool Regulation 14 is expanded to:

Members are to leave the club and take shelter in their vehicle or home.

Unaccompanied minors are encouraged to contact their parent or guardian for pickup.

Those unable to take shelter in an enclosed vehicle, or be picked up, may stay within the pool grounds, however they must stay in the gender appropriate bathhouse (an enclosed and grounded building). No showering is permitted.

TSC lifeguards will supervise minors within each bathhouse.
